Selectmen's Report

To the Citizens of Washington,

Greetings. This has been a very busy year. As you know, the new Town Office was completed in March. I am very pleased with the building and enjoy the comfortable working conditions. I believe that most people are better served by having the Clerk and Tax Collector hours there also.

The 175th Anniversary was a grand success despite the weather. I'd like to thank all those who turned out for the event and hope that you enjoyed it as much as I did. I'd also like to thank Gene DeGroff, Alma Jones, and Pete Steele who served so well as directors and all those who worked on various projects and events; without you, such gatherings are not possible. Congratulations to Miss Angie Stidums who is our reigning Miss Washington.

In 1986 the Snow Plowing contract (5 years) and Sanding contract (1 year) were awarded to Jerome Brann; the winning bids were \$22,600 plowing and \$8,500 sanding.

The Selectmen and Conservation Commission met several times during the year discussing disposal of solid waste, and many ideas were exchanged. We have met with selectmen from Somerville, Appleton and Liberty to see if some joint efforts might be worked out. Representative from Hampden Land Fill was a speaker at one meeting, discussing pro and con of joining their disposal facility. To date we have no reasonable solution, but will continue to work until one is found that meets both the needs and pocketbook of Washington.

A Board of Appeals has been appointed; this board will hear appeals for variances by persons dissatisfied with decisions by the Planning Board (the Planning Board can give no variances). The Selectmen are asking that the Board of Appeals also be appointed as the Board of Assessment Review. This would provide a forum within the town for appeal of assessment when landowners and assessors cannot agree on valuation; at present cases now go before the County Commissioners.

The Selectmen and Budget Committee are recommending the use of surplus to cover some accounts. The fund is well over the 90 to 100 thousand needed to keep in reserve. This amount of surplus has enabled the Selectmen to cut Tax Anticipation Loans from 90 thousand in

1984 to 75 thousand in 1985 to 45 thousand in 1986. I expect the need to borrow in 1987 will be around 30 thousand. This represents a financially sound town.

I would like to bring your attention to the 1986 Speaker of the House Select Committee's report on Property Tax Reform. The Committee believes that the state must take the lead in providing assistance to municipalities to meet increased pressures in the next five years. I recommend that you contact your State Representative or Senator for the report and push for enactment of positive Property Tax Reform.

I would like to thank the Rondevous Club stockholders for the use of their building for our town meeting, and the V.F.W. for the use of their building for election and meeting. As always, thank you to each and everyone who donated their time, talents and gifts for the good of our community. Toni Curtis has decided not to run for third selectman's office. He has been a great asset to the town this past year, a pleasure to work with, and a talented person. Special thanks also to Pat Bendtson, our Second Selectperson.

Respectfully submitted,
ROBERT H. LEE

Road Commissioner's Report

This past year was a good year for town roads, in that we had less washouts and were able to upgrade roads in needed sections.

General maintenance of dirt roads with gravel, grading and calcium chloride was done to roads. Cold patching to tarred roads and mowing of road sides was done. Culverts were replaced on County, Mountains, Fitch, Dorman, Sprague, Hopkins Roads, and the little wooden bridge on County Road.

New road construction on Old County from Mountain Road to Rotch's subdivision, about sixteen hundred feet.

Ditching was done on Hopkins, Fitch, Sprague and County roads.

Tarring was done on part of Hopkins Road a little more than a mile, leaving about eight tenths of a mile to do.

For the ensuing year more road building on County Road, bridge replacement on the Fitch Road, ditching of roads where needed, and more surface gravel and grading of roads.

Respectfully submitted,
MERTON C. MOORE
Road Commissioner

Fire Chief's Report

To the citizens of the Town of Washington:

The volunteer firefighters responded to the following calls for the period from January 1, 1986 to December 31, 1986:

- 2 Structure fires
- 9 Chimney fires
- 1 Tractor fire
- 3 Grass fires
- 2 Dump fires

In the past year the department purchased 4 sets of turn out gear (coats, boots, helmets and gloves). Bringing the total to 10 sets. Six of these sets were assigned to firefighters to be kept with them.

The department also purchased 2 new Akron 1 1/2" nozzels for the attack lines on Eng. #1. The new nozzels will give us better water control and a variety of water streams for more effective fire fighting.

A newly purchased Honda generator will be used with area lights and smoke fans for safer working conditions at all emergencies.

The past year 9 members of the department took part in a course in Protective Breathing Apparatus (SCBA) under the instruction of Chief Bruce Woodward of Rockport.

Home owners in town should be realizing a saving on their homeowners insurance due to the fire departments new rating. If not you should check with your insurance company.

Lastly, I would like to thank all the volunteers that make up the Washington Fire Department for their work and contributions during the past year.

Sincerely yours,
CHARLES CROCKER, JR.
Chief, W.F.D.

Madge H. Walker Trust Fund Report

Mid-Coast Human Resources Council Report

Mid-Coast Human Resources Council (MCHRC) is a private, non-profit corporation established to serve the low-income people of Mid-Coast Maine. Its goal is to work toward the elimination of the causes and conditions of poverty and to help the low-income become self-sufficient. MCHRC is governed by a local Board of Directors representing elected officials, community groups and low-income citizens.

At the March 1986 Town Meeting, Washington awarded MCHRC \$742.00 to support its operation. The following chart is a summary of services provided to 110 Washington families during the past year:

Homes Served	110
Repair/Insulate Homes	\$19,695
Fuel Assistance	\$24,561
Food Assistance	\$7,798
Headstart Preschool	—0—
Outreach Services	\$3,300
Total Value	\$55,354

MCHRC's Retired Senior Volunteer Program provided \$78,434.00 worth of volunteer assistance to Knox County towns, non-profit agencies and civic institutions.

In addition to directly benefiting the persons served, MCHRC helps keep down the town's General Assistance costs through direct assistance to clients and through staff efforts to find clients and town officials alternate sources of help.

October 24, 1986

Amount Requested: \$742.00

TO: Washington Selectmen & Budget Committee

FROM: Mid-Coast Human Resources Council

SUBJECT: Breakdown on MCHRC Services provided to Washington residents from October 1, 1985 to September 30, 1986.

Please Note: MCHRC does not contract services to other agencies. MCHRC is the sole provider of these services to Washington. There is no duplication of services.

TOWN OF WASHINGTON
ASSESSORS' REPORT

TITLE 36 SECTION 706 MRSA:

Before making an assessment, the Assessors shall give reasonable notice in writing to all persons liable to taxation in the municipality to furnish to the Assessors **TRUE AND PERFECT LISTS** of all their estates, not by law exempt from taxation, of which they were possessed on the first day of April of the same year.

The notice to owners may be by mail directed to the **last known address** of the taxpayer or by any other method that provides reasonable notice to the taxpayer.

If any person after such notice does not furnish such list, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was **UNABLE** to furnish it at the time appointed.

The Assessors may require the person furnishing the list to make oath to its truth. They may also require him to answer, in writing, all proper inquiries as to the nature, situation, and value of his property, liable to be taxed in the State. The Assessors are not bound to accept such list and answers as final.

CRITERIA FOR VETERANS' AND VETERANS' WIDOWS EXEMPTIONS

VETERANS Estates of veterans, which include real and personal property, together with the interest of a spouse in property held in joint tenancy, are exempt up to \$4,000 of taxable valuation and only in the place where the veteran is a legal resident, provided the veteran:

- (1) Is a legal resident of the State of Maine;
- (2) Was a legal resident of this State when entering military service; or
- (3) Has notified in writing the assessors of the municipality in which he resides of his claim for exemption and furnished proof of his entitlement on or before April 1 (such notification once made need not be repeated in subsequent years);
- (4) Has reached the age of 62 years; or
- (5) Is receiving a pension or compensation from the United States Government for total disability, either service or nonservice connected, as a veteran.

VETERANS' WIDOWS In order for a widow of a veteran, or a member of the armed forces who died while in service during a war time period, to be exempt from taxation up to \$4,000 of taxable valuation in the place of legal residence, she must:

- (1) Be a legal resident of the State of Maine;
- (2) Be the survivor of a veteran who was a legal resident of this State when he entered military service;
- (3) Have notified in writing the assessors of the municipality in which she resides of the claim for exemption and furnished proof of entitlement on or before April 1 (such notification once made need not be repeated in subsequent years);
- (4) Be unmarried (the divorced wife of a veteran or the remarried widow of a veteran is not eligible for exemption);
- (5) Be herself receiving, regardless of her age, a pension or compensation as a widow of a veteran from the United States Government; or
- (6) Be a widow of a veteran who would be entitled to such exemption if living.

NOTE: When a qualified veteran dies intestate leaving property and is survived by a widow and a minor child or children, they are jointly entitled only to a single exemption of up to \$4,000 of taxable valuation.

STATE OF MAINE
HOUSE OF REPRESENTATIVES
AUGUSTA, MAINE 04333

Report to the Citizens of Washington

As your State Representative to the Maine Legislature, my first concern is to be available to hear your feelings on proposed legislation which may have a direct effect on Washington and its residents. While the Legislature is in session, I can nearly always be reached by calling the House of Representatives at 289-1400 (or toll-free at 1-800-423-2900) or at my home, 845-2704. In addition, I will be available in Washington as often as my legislative schedule permits.

Notices of the public hearings on all bills and lists of all bills introduced and enacted are mailed to your selectmen weekly. Copies of all bills introduced in the Legislature are also mailed weekly to your town clerk. The 1987 Legislative sessions should continue until mid-June.

Please contact me directly to let me know your feelings about any legislation you are interested in and if you want copies of any bills. I will also do my best to help resolve problems or answer questions relating to State government agencies.

I am proud to be representing Washington.

Sincerely,
CAROL M. ALLEN
State Representative

Washington Little League

After a slow start, we finished the season with eight (8) wins and four (4) losses. The enthusiastic response by the fans in Washington sparked one of the best seasons in memory.

We, as a team, have many people and organizations to thank for making our past season so successful;

- Washington "V.F.W." for financial support.
- Washington "Ladies Guild" for financial support.
- Phil Peabody for the use of his field.
- Seltzer Rydholm, Score Board & numbers.

A special thanks goes to:

- Washington non-profit, parental, taxi service.
- The parents who put up with us as bumbling, inexperienced coaches & managers.

-Washington's "Hill & Gulley Riders" snowmobile club for their support.

-Mr. Pitcher and Mr. MacMunn for doing the farm team.

-The wonderful ladies of the Washington Grange who made us feel as though we had just won the "World Series."

Above all, Mr. Freiman and I wish to thank all fifty three (53) Boys and Girls who made the spring of "86" something very special for all of us in Washington.

Respectfully,
TED ANDREI

Report of the 175th Anniversary Committee

To the Citizens of Washington,

As General Chairman for the celebration of the 175th anniversary of the founding of the Town of Putnam, later to become Washington, in 1811, it is with pleasure and gratitude that the following report on the occasion is submitted:

The three day program began with special ceremonies on Friday, August 15, dedicating and opening the new Town Office building. A large gathering heard a reading of the original warrant establishing the Town, messages of congratulations from our Congressional representatives, the Governor and former town officers, and received the National, State and Town flags presented to the town. The building dedicated to the memory of Minnie Cramer Weaver was opened officially by Hollis Weaver's cutting of the ceremonial ribbon. Following the inaugural event, a supper at the Grange hall and a street dance rounded out the opening day.

In spite of the lack of cooperation on the part of the weathermen in the area, a festive parade started the activities on Saturday morning with a large and enthusiastic participation and attendance of somewhat soggy townspeople, dampened not one bit in spirit. A large field of Miss Washington candidates saw Miss Angelette Stidams selected by the judges to reign until the next such competition. A magic show, luncheon, afternoon band concert, antique car exhibit, children's carnival, bivouac and demonstrations by Waldoboro Light Infantry members and chicken barbeque and bean hole bean supper, historical exhibits, craft and art show and the usual beano and dance continued the day's busy schedule.

The church service on Sunday morning in the Village Church emphasized its role in the town history and was followed in the afternoon by a reunion of the graduates of the Washington High School and the opening of the Razorville Chapel for visitations.

The success of this celebration was due to the outstanding spirit of cooperation on the part of all the townspeople who enthusiastically contributed in any way they could with their own personal efforts, ideas

and/or resources. The funds generously appropriated at the last annual town meeting to assist in the preparation for the celebration were more than adequate and were used as follows:

	Expenses	Receipts
Lincolntown Band (for parade and concert)	300.00	
Waldoboro Light Infantry (for parade and encampment)	150.00	
Miss Washington Contest (receipts exceeded expenses)		64.25
Luncheon on Saturday (receipts exceeded expenses)		34.90
Rental of Bunting (cost \$100, rentals \$180)		80.00
Clary Hill Band (for street dance — cost \$200, collection \$88.45)	111.55	
Commemorative Pins and Post Cards (cards \$210, pins \$125) (Receipts from sales to date \$42.25) (Due from Hist. Soc.)	292.75	
Sheriff Dept. Fees for Dance and Parade	83.68	
Rental of Directional Sign for Stickney Corner	60.90	
Commemorative Wreath for Town Monument	20.00	
Coity Castle	15.00	
Supplies (petty cash)	18.67	
Photographs by Murray Jamison for Town Record	60.00

Auditor's Report

February 27, 1987

Board of Selectmen
Washington, Maine

We have examined the financial statements of the Town of Washington, Maine for the year ended December 31, 1986 and have issued our report thereon, dated February 27, 1987. As part of our examination, we made a study and evaluation of the system of internal accounting control of the Town of Washington, Maine to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards and the standards for financial and compliance audits contained in U.S. General Accounting Office "Standards for Audit of Governmental Organizations, Programs, Activities and Functions." For the purpose of this report, we have classified the significant internal accounting controls in the following categories: 1. Revenue, Receipts and Receivables 2. Purchases, Accounts Payable and Disbursements 3. Payrolls.

Our study included all of the control categories listed above except that we did not evaluate the accounting controls over the General Fixed Assets because the Town has not maintained a record of the General Fixed Assets. The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the entity's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole or on any of the categories of controls identified above.

The management of the Town of Washington, Maine is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, disposition; and that transactions are executed in accordance with management's authoriza-

tion and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation, made for the limited purpose described in the first paragraph, would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Town of Washington, Maine, taken as a whole or on any of the categories of controls identified in the first paragraph.

However, our study and evaluation disclosed no condition that we believe to be a material weakness.

This report is intended solely for the use of management of the Town of Washington and should not be used for any other purpose.

Respectfully submitted,
SAWYER & SAWYER

**Notes to Financial Statements
Town of Washington
January 1, 1986 to December 31, 1986**

An audit has been completed of the financial records of the Town of Washington for the municipal year ended December 31, 1986. The audit included an examination of the records maintained by the various officers of the Town. The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules.

ASSETS: The cash balance of \$81,082.90 was reconciled with the statement furnished by the Camden National Bank, Camden, Maine.

Taxes receivable consisted of uncollected current year's accounts of \$44,724.30 and unpaid prior years' account of \$3,820.50 dating from 1967.

Transactions affecting tax liens and tax acquired property were reviewed. Unpaid accounts were reconciled with the balances shown on the records of the Selectmen.

RESERVES: Departmental accounts reflect unexpended balances of \$12,291.85 being carried forward to the 1987 municipal year in accordance with legal requirements and/or as is customary.

SURPLUS: The unappropriated surplus of \$119,520.01 at the year's end, displayed an increase of \$39,906.91 as compared with the preceding year. An analysis of this increase is shown on Exhibit E.

SCOPE OF AUDIT: The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and cancelled checks were examined for a selected period.

Excise tax collections were verified with the copies of the receipts retained by the Collector.

In our opinion, subject to the foregoing comments, the accompanying balance sheet and supporting information fairly present the financial position of the Town at December 31, 1986, and the result of its operations for the year then ended.

Comprehensive Plan Committee

The Comprehensive Plan Committee came into existence in the Fall of 1986. The Washington Planning Board had found that other than minimum state guidelines, the state imposed shoreland Zoning Ordinance, and the state subdivision law, it had no ordinances to enforce. A public opinion poll taken in the Summer and Fall of 1986 indicated that 77% of those responding favored subdivision guidelines while 65% favored minimum lot size regulations, however, the Town could not enact any ordinances to control these or similar activities until it had a comprehensive plan.

The Comprehensive Plan Committee began meeting twice a month in October and has continued with that schedule. The committee initially hoped to have a plan ready for the annual town meeting in March 1987. After reviewing the comprehensive plans of neighboring towns and getting reports from various members of the committee on different aspects of the plan, it became apparent that it would not be possible to have a plan prepared by March 1987. At this point the committee began discussing whether or not a moratorium on certain activities would be a good idea.

A moratorium would give the committee time to do a careful job on the comprehensive plan, while, at the same time, it would prevent any more subdivisions or similar activities from taking place. It was decided to prepare such a moratorium ordinance and submit it to the voters of the Town.

Whether or not the moratorium passes the committee will continue to meet and work on a comprehensive plan. It is up to the voters to decide whether or not they want to halt the activities described in the moratorium ordinance.

The Comprehensive Plan Committee hopes that as a result of a group effort with public meetings and public contributions the comprehensive plan that we finally end up with, together with the ordinances that follow from it, will reflect the wishes of and be supported by the vast majority of the townspeople.

Planning Board Report

TO: CITIZENS OF THE TOWN OF WASHINGTON

The Washington Planning Board (WPB) has completed its second year. During this past year the WPB was involved in a number of activities.

The WPB reviewed and approved several projects, including 4 shoreland zoning projects and one sub-division. The lone subdivision was the Light Farm project located on the Old County Road. In the case of some of these projects the WPB reviewed the initial application and determined that changes or additional information was required before the project could be approved. No projects reviewed by the WPB were downright rejected. In several cases the WPB acted as a resource to determine whether or not a permit for the requested activity was actually required.

David Cichowski, a WPB member for the first year, decided that due to competing interests he would be unable to participate on the Board. The Selectmen appointed David Can to serve in his place. David served several months before he decided that he could not serve any longer due to a conflict with his work schedule. David's position has been since filled by Peter Phinney. Peter will serve out the remainder of the five year term.

Of the five full time and two alternate positions only one alternate position remained vacant throughout 1986.

The WPB provided the forum for a seminar on shoreland zoning. Richard Baker, the State Shoreland Zoning Program coordinator for the Department of Environmental Protection, participated in the discussion.

In 1986, in related activities, the Selectmen appointed a code enforcement officer and a Board of Appeals.

During this past summer the WPB developed a survey form. The purpose of this form was to receive input from townspeople regarding the future of the Town. Based on a preliminary review of these surveys and from discussions with townspeople it became evident that the town wanted to consider implementing some type of land use ordinance.

Many people were concerned that large tracts of land were being subdivided with little control by the Town. Others wanted larger minimum lot sizes and still others wanted to have greater local control over such activities as the operation of a commercial landfill. At the request of the Selectmen and based on public opinion the WPB researched several ordinances. This research terminated once it was determined that the Town of Washington did not have an approved Comprehensive Plan. Under state law a Comprehensive Plan must be written and approved before any restrictive ordinance can be enacted. The WPB was informed that ordinances enacted without the benefit of a Comprehensive Plan were not enforceable. The WPB discussed this situation with the Selectmen and it was decided to form a Comprehensive Plan Committee to draft a plan for the Town's approval.

The WPB sees the approval of a Comprehensive Plan as the vital first step in planning for the Town's future. The members urge the citizens of Washington to support this effort.

The WPB has requested from the Town the sum of \$500.00 to join the Eastern Mid-Coast Planning Commission (EMCPC) located in Rockland. The EMCPC assists local towns with municipal planning and provides technical assistance and advice for a number of items, including the drafting of new ordinances. The Town does not have the funding available to retain the services of a private consultant to assist in Town planning, the WPB feels that the EMCPC is a good alternative.

Respectfully submitted,

Report of Washington Library Committee

The town of Washington has had a library committee for several years. The committee, until this time, has been dormant as funds to a library building were not sufficient to formulate plans. Invested library funds have grown over the years and with the building of the town office, room for expansion that would house a town library is possible. The library committee reactivated this year and we have been researching the possibility of matching state funds to aid us with our endeavors to provide the town with library facilities. We would sincerely appreciate any volunteers that would assist us with this project.

Respectfully submitted,
BEVERLY MOODY
Chairwoman

Time & Tide RC&D Area Report

It is with a great deal of pleasure that we submit to you our report of Time & Tide Resource Conservation & Development Area activities for 1986. This is a people's program. Our area was expanded in 1986 to include all of Waldo, Knox, Lincoln and Sagadahoc Counties and Brunswick and Harpswell. It is sponsored by the counties, Eastern Mid Coast Planning Commission and soil and water conservation districts, so it's directed by local people called a council, which meets the first Wednesday of every month in Waldoboro. The public is welcome.

We have volunteer committees covering soils and land use, forestry, ocean, energy, recreation and tourism, agriculture, fish and wildlife, information and a new committee in 1986, water resources. The committees make suggestions for program direction. Anyone interested is welcome to serve on one or more committees of his choice.

We are pleased to report that the Time & Tide RC&D Area was selected as one of the outstanding RC&D's in New England. This makes 6 out of 7 years.

We were honored this year to have one of our council members, Anne Favreau, Brunswick, elected president of the New England Association of RC&D Areas for 1987.

Supplement #10 to the Program of Action was developed. It includes a calendar with scenes of the Mid Coast area. Copies were distributed to all town officials.

Through cooperative efforts, many things were accomplished this past year. We believe no one person, organization or agency can take total credit, but with everyone working together doing a little bit, a lot is accomplished.

We completed 32 measures, or projects, in 1986 and received 29 new requests for assistance from towns and others.

Some of the projects deal with salt and sand piles in Troy, flood problems in Stockton Springs, erosion problems in Belfast, erosion problems at the Belfast Water Co. dam, planning workshops for town officials, indoor air pollution booklet, ag/energy conference, kiln dust in agriculture, Bremen municipal facilities, clam diggers newsletter,

Rockland breakwater park, St. George light house, pollution from sea gulls, Bowdoinham - update comprehensive plan, Brunswick shore erosion, to name only a few.

Anyone interested in more information should contact the Time & Tide RC&D Area, RR1, Waldoboro, ME 04572, phone 832-5348.

The Time & Tide RC&D Council provides assistance only as requested by local elected officials or nonprofit groups.

Whereas the Town of Washington does not have an approved Comprehensive Plan; and

Whereas the Town of Washington has a Comprehensive Planning Committee which has begun the process of developing a Comprehensive Plan and drafting a Municipal Land Use Ordinance; and

Whereas the Town of Washington has no land use regulation, other than state-mandated shoreland zoning and subdivision, and

Whereas continued unplanned development in the Town of Washington may adversely and permanently affect the natural resources and rural character of the town; and

Whereas the Town has had 11 subdivisions since 1980, creating a total of 62 lots; and

Whereas structures, including mobile homes, have been built or installed in the Town without regard to minimum lot size or Maine State Plumbing Code; and

Whereas the existing physical and financial resources of the Town are inadequate to furnish the essential services and facilities which a rapid and substantial increase in population requires; and

Whereas the Town is fearful that parties seeking to evade future municipal land use regulations pursuant to the proposed Comprehensive Plan may engage in a course of conduct that defeats the intent and effect of such regulation; and

Therefore the Inhabitants of the Town of Washington hereby declare that an emergency exists affecting the general health, welfare, and property.

Section 3. Moratorium

The Inhabitants of the Town of Washington, pursuant to their home rule powers and police powers, hereby prohibit the following: subdivisions, multi-family housing, condominiums, planned unit development, expansion of non-conforming uses, conditional uses, variances from shoreline setback provisions as defined in the Town of Washington Shoreland Zoning Ordinance, and the construction of residential dwellings or placement of mobile homes to be used as residences on lots without legal septic systems for said dwellings or mobile homes.

Section 4. Duration

The moratorium enacted in Section 3 shall continue until adoption of a Town Comprehensive Plan and implementation of a Municipal Land Use Ordinance pursuant to said Comprehensive Plan. Notwithstanding the previous sentence, the moratorium shall cease on the first day after the Annual Town Meeting in 1988, unless extended by a vote of the Town.

Section 5. Approval prohibited

As of the effective date of this ordinance, the Planning Board, Code Enforcement Officer, Board of Appeals, Selectman and all other officers elected or appointed, of the Town of Washington, are prohibited from accepting, reviewing, or approving by agreement, waiver,

or variance, any application prohibited by this ordinance in Section 3.

Section 6. Violations

Any person, firm or corporation which violates any provisions of this ordinance upon conviction shall be subject to a fine as provided for in Title 30 MRSA Section 4966. Each such violation shall be considered a separate offense. Each day a violation of this ordinance is allowed to remain shall be considered a separate offense.

Section 7. Severability

If any portion of this ordinance shall be declared invalid, it shall not affect any other portion of this ordinance.

Section 8. Effective Date

This ordinance shall become effective when enacted by the voters of the Town of Washington.

Section 9. Definitions

Condominium - See Title 33 MRSA Section 1601-1603

Multi-family dwelling - a building or group of buildings consisting of three or more attached or unattached dwelling units; includes apartment houses and townhouses.

Subdivision - See Title 30 MRSA Section 4956.

Planned unit development - Type of Subdivision with mixed residential and commercial development.

Comprehensive Plan - Shall mean a compilation of policy statements and goals about the Town's natural and cultural resources and how these should be used and protected to assure their thoughtful development and preservation, and as further defined by Title 30 Section 4961.

Municipal Land Use Ordinance - Legislation enacted by the Town prepared pursuant to a comprehensive plan for the promotion of the health, safety and general welfare of the Town to encourage the most appropriate use of the land throughout the Town, to promote traffic safety and safety from fire, to prevent housing development in areas unsuitable for on site sewage disposal, and to ensure that building sites and the placement of structures and other land uses are compatible with resource capability, to prevent and control water pollution, to protect fish, spawning grounds, birds and other wildlife habitat, to conserve shore cover, to enhance visual as well as actual points of access to inland waters and to retain natural beauty.

ARTICLE 39. To see if the Town will vote to authorize the selectmen to sign Quit Claim Deed to properties that the Town does not claim as Tax Acquired property, but on which there are old discharged liens which have been paid but not discharged. The purpose of said quit claim deed would be for clearing of the title to property only.

ARTICLE 40. To see if the Town will vote to authorize the Selectmen to sell and dispose of property acquired by Tax Liens or other liens or other processes on such terms as the Town may decide and execute quit claim deeds for same.

ARTICLE 41. To see if the Town will vote to allow a discount on taxes, and if affirmative vote, to fix a rate and date, and take from surplus the amount to cover discounts.

ARTICLE 42. To see if the Town will fix a date when taxes will be due and payable, and fix a rate of interest to be charged on unpaid taxes after said date.

ARTICLE 43. To see if the Town will allow the Selectmen to enter into negotiation and make contracts with other organizations for disposal waste.

ARTICLE 44. To see if the Town will vote to enact an ordinance to designate the Board of Appeals as the Board of Assessment Review as provided by 30 MRSA Section 2060, Paragraph 6E. (This article would provide a forum within the Town for appeal of assessment rather than having to go to the County Commissioners as is now the case.)

ARTICLE 45. To see if the Town will vote to elect as the 1988 Annual Town Meeting, three (3) Selectmen, Selectmen to act as Assessors and Overseers of the Poor, one (1) for a period of three (3) years, one (1) for a period of two (2) years and one (1) for a period of one (1) year, each year thereafter to elect one (1) for a period of three (3) years.

Given under our hand in Washington this Seventh day of February, A.D. 1987.

Respectfully submitted,
ROBERT H. LEE
PATRICIA A. BENDTSON
ANTHONY CURTIS
